CRYPTO CURRENCIES INVESTMENT.

It's possible to get filthy rich by investing in cryptocurrency this year. But you could also lose all of your money. How can both be true? Investing in crypto assets is risky but also potentially extremely profitable. This is why our company Financial Progress is here to help you with the best investment plans and coach you on the best investment to embark on. Cryptocurrency is a good investment if you want to gain direct exposure to the demand for digital currency, while a safer but potentially less lucrative alternative is to buy the stocks of companies with exposure to cryptocurrency.

What is this website about? Is this an ICO?

No. This is not an Initial Coin Offering. We believe that ICO's should be approached with caution as the majority of "Alt coins" do not offer any benefits to more established crypto currencies such as Bitcoin, Ethereum, etc.

Financial Progress is a managed cryptocurrency trading platform with user friendly interface and attractive offer.

HOW FAST ARE MY DEPOSITS ADDED TO MY ACCOUNT?

Transactions will be credited to your account after two confirmation over the Blockchain network.
